AI READ

24-unit walkup at 412-422 Edmonton Trail NE with average per-door loss-to-lease of \$708/mo against CMHC Calgary 2023 anchor. The 2-bedroom stack is 32% under market across 14 units; 1-bedrooms run 27% under. Annual reset captures \$187K; over a 36-month natural turnover the discounted upside lands at ~\$460K NPV. Strong value-add candidate: stabilize at market rent and the building re-prices at \$5.4M+ on a 6.0% cap, vs. \$4.8M ask — a 13% acquisition discount funds the renovation runway with margin to spare.
